Valuable skills, valuable training

RRC delivering real value in health, safety and environmental training

We know that people who choose RRC's training courses do so because they want the best course and the best service available in HSE training. How can we be so sure that we offer that?

- Our experience: for over 80 years, RRC has been developing and delivering innovative training programmes to individuals wanting to develop their skills and careers, and companies needing to improve performance.
- Over a million successful students and thousands of businesses have chosen RRC as their preferred provider meaning that you can be sure that your hours of study will be well spent.
- We offer a broad range of bespoke RRC health, safety, environmental and quality management training that includes externally accredited courses from NEBOSH, IOSH, CIEH, IEMA, IOA, ConstructionSkills and CQI, as well as numerous online short courses.
- RRC offers flexible learning solutions, which include face-to-face teaching, e-learning, distance learning and a combination of each of these. We will talk to you about your situation and ensure we match your needs to the best training technique for you.
- Full use is made of the latest technology in order to ensure that the course you choose from RRC remains at the forefront of HSE training, future-proofing your qualification.
- Our approach to course development sets us apart, in that our team comprises not only tutors who are experts in their chosen subjects but also experienced educationalists who ensure that the courses are written to allow you the best studying experience on the market, which in turn gives you the best possible of exam success.

With students in more than 80 countries, we pride ourselves on our international reputation for providing relevant, credible and personalised training anywhere in the World, with a local exam centre to complete the service.

Whether it is an off-the-shelf course or a bespoke programme designed to meet the specific needs of you or your business, RRC can develop and deliver it how, where and when it suits you.

Excellence

RRC Training works with you to create training solutions to suit your needs. Our Training Advisors are here to ensure you choose the best course for yourself from our comprehensive range of health, safety, environmental and quality courses. These include NEBOSH, IOSH, CIEH, IEMA, IOA Construction Skills and CQI programmes as well as shorter, more generic courses designed to meet the specific needs of businesses. You can spend from 30 minutes to two years on one of our courses. We cover all elements of health and safety, and our courses can be easily adapted to suit your specific requirements and incorporate the policies and procedures of your business.

As well as being ISO 9001 accredited, RRC is also accredited by the Open and Distance Learning Quality Council, and is a member of the European Association for Distance Learning and the British Institute for Learning and Development, giving you further assurance of the quality of our courses.

Expert

RRC's qualified and experienced trainers are the best in the business; their knowledge and experience is key to the success we have in delivering training that is appreciated and enjoyed by students, and produces the results they need. RRC consistently achieves pass rates which are significantly above average, and our high numbers of distinctions and credits are rising all the time. All the best trainers want to work with us because we are the leading training company in this field with eighty years experience of developing courses which ensure the best pass rates for students.

Value

Study and revision are facilitated by our extensive and easy-to-use study materials, which have been written specifically for the syllabus by our excellent tutors who also act as consultant sources of information and reference. Only RRC develop courses like this, which means we give you value for money and value for your study hours. We take your study time seriously and ensure our courses are written to make the most of each hour.

Innovation

Our website www.rrc.co.uk provides a wealth of useful resources, many of which are completely free:

- A tutor blog providing an expert view on the latest news, a must for students and practitioners alike
- Technical updates providing information on recent legislative changes
- The RRC podcast series offering a light-hearted approach to health and safety issues
- Free downloads and resources, aimed at all those involved in HSE

More choice, more support, more flexible learning

80 years of excellence

RRC have a long and successful track record. 80 years ago we were pioneers and innovators in distance learning and over 30 years ago we launched our first health and safety qualification programme. Over the years, well over a million students have enjoyed success with RRC and continue to do so.

So what makes us different?

Choice of how you study

RRC offers more choice than any other NEBOSH provider so you can choose the method that best suits you.

- Face-to-face – London, Bahrain and Dubai
- Face-to-face – In-company
- Flexible Learning
- e-Learning
- Distance learning

Choice of where and when you study

With our flexible learning courses, you can study at anytime, anywhere in the world.

Our face-to-face venues include London, Birmingham, Newcastle and Bahrain, or wherever you want it to be if you book an in-company course. Our tutors are intrepid and travel all over the world to deliver their top quality training.

Expert support

One of the many areas where RRC differ from others is in the unlimited support we provide to our students. Our e-mail and telephone tutor support network is available to all students right up to their exam.

Our team of 30 HSE experts deliver our courses, support our students and help to develop and maintain our materials. They are all fully qualified and are an effective mix of academics, practitioners, consultants and NEBOSH examiners.

Customer Advisers are available to answer any administrative queries and take the hassle out of organising your exams so you can just concentrate on passing them.

Quality up-to-date study materials

RRC's courses are developed by a dedicated in-house team working to exacting standards. Only the very best subject experts are commissioned as writers.

Unlike most static texts, RRC's materials are updated constantly, with major revisions notified quarterly.

RRC's learning materials are so well respected that they are used by many colleges and institutes, both in the UK and internationally.

Full exam arrangement service

We have a team dedicated to making sure our students' exam arrangements go smoothly. If you book your exam with RRC, we make all the necessary arrangements, whether you are sitting in London, Mumbai or Melbourne.

What is more, if we do not offer a centre near you we will do our best to find you a suitable exam venue, whether in the UK or overseas.

RRC EXAM CENTRES

RRC run our own exam centres in London, Birmingham, Chorley, Newcastle, Glasgow, Bahrain and Dubai.

We also have long term, excellent working relationships with many UK NEBOSH exam centres so if our centres are not convenient, let us know and we will offer you a choice nearer to home.

WORLDWIDE EXAM CENTRES

Last year RRC arranged and ran exams in 80 countries using British Councils and other networks of exam centres.

Whilst we cannot promise that we can arrange your exam in every country in the world, we will go out of our way to meet your needs.

Value for Money

There are no hidden costs with RRC. We will tell you what the course and the exams cost and exactly what you get for your money. There are no unpleasant surprises when you come to sit your exam.

Our pricing is designed to provide value for money.

For flexible learning customers, we also offer a 30-Day Money Back Guarantee so you can buy with confidence. If the course is not for you, simply return the course and get your money back.

RRC's NEBOSH Award in Health and Safety at Work

NEBOSH

The National Examination Board in Occupational Safety and Health has a reputation that is second to none for the provision of academically rigorous training, which is why it is still the preferred awarding body for many sectors. NEBOSH offer a wide range of professional qualifications, all of which provide the perfect grounding for a career in health and safety.

NEBOSH Award in Health and Safety at Work

The NEBOSH Award in Health and Safety at Work is a new qualification providing a basic understanding of health and safety principles and practices in the workplace.

This qualification provides a perfect introduction to other NEBOSH qualifications including NEBOSH's International and National General Certificates.

This introductory qualification is aimed at those who are interested in learning more about health and safety. It will provide a basic understanding of risks and hazards across all businesses and can be taken in any country. It is not necessary to have any previous knowledge of health and safety.

Those who would typically benefit from this qualification include:

- Staff with supervisory responsibilities;
- Team leaders;
- People who wish to have an introduction to other NEBOSH qualifications;
- People who want a good foundation in health and safety who have some work experience, ensuring that they can put their learning into context.

The NEBOSH Award in Health and Safety at Work will benefit organisations internationally and within the UK who are seeking to implement a basic health and safety training programme as part of their workplace culture. It will ensure employees have an understanding of the principles of risk control, reducing the numbers of accidents and incidents and resulting in cost savings for the business.

The risk assessment element is of particular benefit to employees who are contributing to risk assessments in their organisation.

NEBOSH Award in Health and Safety at Work Syllabus

UNIT HSW1 WORKPLACE SAFETY FOUNDATIONS

- 1 The Foundations of Health and Safety
- 2 The Responsibility for Health and Safety

- 10 Hazards and Control Associated with the Working Environment

UNIT HSW2 WORKPLACE RISK ASSESSMENT ACTIVITY

The completion of a short work-based risk assessment activity.

Entry Requirements

The NEBOSH Award has no formal entry requirements but examinations are held in English so a reasonable standard of English is required.

NEBOSH are planning to offer exams in Arabic, Mandarin and other languages; RRC will be looking to provide courses in these languages in the future, call for latest information.

RRC's NEBOSH Award in Safety, Health and Environment for the Process Industries

NEBOSH Award in Safety, Health and Environment for the Process Industries

This NEW NEBOSH Award is designed to provide process operators and technicians with an understanding of health, safety and environmental management within process industries. If you work (or want to work) in industries like chemical, pharmaceutical, petrochemical and food processing, then this course could be for you.

This introductory qualification covers the common issues affecting all these industries, such as major accident regulation, human error, plant integrity, emergency preparedness, risk management and environmental protection. It also provides the perfect introduction to other NEBOSH qualifications, including the National General Certificate and the International General Certificate.

It also forms part of the Cogent Gold Standard, a UK framework devised by the sector skills council for the chemicals, pharmaceuticals, nuclear, oil and gas, petroleum and polymer industries to set out the skills and qualifications required for world-class performance in the process industries.

Those who would typically benefit from this qualification include:

- Process operators and technicians.
- Those who want a basic understanding of health, safety and environmental management within the process industries.
- Staff with supervisory responsibilities.
- Team leaders.

Studying with RRC – Face-to-face

Face-to-face – Block Release

Led by RRC's expert tutors, our face-to-face courses always receive excellent feedback, and we are justifiably proud of the consistently high results achieved by our students. We monitor every aspect of our service from the tutor to the catering and continuously work to ensure the highest standards are maintained.

Our classroom environment provides an interactive and disciplined place for you to learn. The numbers on our courses are limited so you will receive personal attention, and be encouraged to share professional experiences with fellow classmates, enabling you to gain practical knowledge of a wide range of industries.

Extensive support materials make revision easy, and you have the back-up of an expert tutorial panel on hand to help with that last minute revision before the exam.

Studying with RRC – Flexible learning

Flexible learning solutions

At RRC we take learning seriously and have thought long and hard about how people learn best. This has been translated into the flexible learning solutions we offer.

- Distance Learning – printed study materials with tutor support.
- e-Learning – interactive online learning with tutor support.

RRC also has a team of dedicated Training Advisors based in London who will help you choose the right style of learning for you and your needs. All of our home study courses incorporate the same key features:

- Flexibility – enrol at any time and work at your own pace to meet your chosen exam dates
- Unlimited tutor support – access to expert tutors who will answer queries and provide personalised feedback
- Bite-sized approach – course topics presented in manageable units
- Clear, easy to use course materials – designed specifically for self-managed study, closely following the structure of the syllabus
- Mock assessments – to test your progress and help you prepare for your final assessment.
- Exam venues available throughout the UK and worldwide

RRC's Exam Service

RRC's flexible learning courses give you flexibility as to when and where you sit your exam. RRC take all of the hassle out of arranging the exam, we manage the whole process for you and have upfront fees including all the costs, guaranteeing no nasty surprises when you are ready to take your exam. With RRC's NEBOSH Award exams, you have two options:

- Sit at an RRC exam centre in London, Birmingham, Newcastle, Glasgow and Bahrain for our standard fee.
- Let RRC arrange for you to sit at one of the many British Council offices throughout the world, or an alternative UK exam centre, just call us for a quote or look on our website.

If you cannot find a suitable centre, just ask us and we will work hard to find you one; this is all part of our customer service.

Alternatively, you can make your own arrangements through NEBOSH approved centres that offer exam services to external candidates. If you choose this option, you will need to contact NEBOSH to find out which centres offer this service and then contact the centre directly. If you're unable to find a suitable centre at a reasonable fee, please do not hesitate to come back to RRC to make your exam arrangements.

30-Day Money-Back Guarantee

If within 30 days of receiving your course or e-Learning login you decide it is not for you, simply return everything to us and receive a full refund of the course fees.

Studying with RRC – Distance Learning

Distance Learning with RRC

DISTANCE LEARNING COURSE

RRC's NEBOSH Award distance learning course has been carefully developed by RRC's technical and educational experts in order to provide you with the best possible chance of achieving the NEBOSH Award. The course combines RRC's study materials with tutor support and other resources to ensure you are fully prepared and successful in your exams.

Health, safety and educational expertise

RRC's Course Development team comprises subject experts and educationalists who work together to ensure that the core materials and all aspects of support are focused on ensuring that you learn as effectively as possible.

YOUR DISTANCE LEARNING COURSE INCLUDES

This structured learning programme leads you through the NEBOSH Award course and is designed to make learning both enjoyable and effective. The course closely follows the NEBOSH syllabus and contains:

- RRC's NEBOSH Award course materials, including all of the relevant information presented in an attractive full colour textbook.
- Access to RRC's panel of expert tutors as often as you need them.
- Mock exam to allow you to test your progress and ensure you are ready for the final assessment.
- Additional online resources and links to other useful websites.
- Online forums where students can collaborate with fellow students sharing experiences and discussing relevant topics

Highest quality course materials

The materials are clear, easy to read and concise – allowing you to get full value out of every minute you spend studying. Throughout the material, key definitions are explained in easy to spot coloured boxes and important topics are highlighted and considered in particular depth. Revision questions, summaries and key information boxes are used to break the text up and ensure that you can focus on exactly what you need to know.

Tutor support

The most important ingredient of your course; access to RRC's tutor team as and when you need it. They are there at the end of a phone or by e-mail to make sure your learning runs as smoothly as possible.

What our students say

"Whenever I saw a good job there was a requirement for a NEBOSH health and safety qualification. I really wanted to be in the health and safety profession, so when a close friend recommended RRC Training and their e-learning courses, I didn't hesitate.

RRC's e-learning course was perfect for me because of its flexibility. I enrolled in October but knew I couldn't give it my full attention until I had finished my Masters. The flexibility allowed me to go online when I could with no time restrictions – and once my degree was complete, I gave it 100%.

One of the great things about RRC's e-learning course is you can test yourself as you go, which I found invaluable. It highlighted my weaknesses so I knew exactly where I had to put in more revision. Plus RRC has online forums, where you can chat to other students and ask questions. The e-Zone really helped me and provided masses of information to help me successfully pass the course.

RRC's Customer Services Advisers were great – so supportive and helpful. RRC made everything straightforward, and with so much accessibility, I really couldn't fail. Now, thanks to RRC, I'm perfectly placed to pursue my health & safety career."

Pearl Enuoyibo

NEBOSH International Certificate by e-learning

"I am finding it surprisingly convenient and user-friendly – it really strikes me that a lot of thought has gone into how individuals can study effectively at a distance, bearing in mind work & family commitments always demand time and create distractions which can make it really difficult. The way the course

is put together allows bite sized learning, which I have found really valuable as I can dip into it at lunchtime and on the train commute and feel that I have learnt and achieved something.

I enrolled on RRC's "Introduction to Environmental Management Systems" to gain a detailed and practical understanding of EMSs, particularly ISO 14001. The fact that the course is IEMA accredited and provides professional recognition was important for me. I was quite apprehensive about undertaking an e-learning course, however I have found it to be clearly written, well-structured and thoughtfully designed. The electronic learning environment is really convenient, easy to access and navigate around. It provides all the course information, further points of reference and allows easy communication with the tutors who are approachable and helpful. I am thoroughly enjoying the course and have no hesitation in recommending it or RRC as training providers. I hope to continue further vocational training and upskilling with RRC in the future"

"I have taken the online Accident Investigation course and I successfully scored 92%. Your online portal is so brilliant and user friendly. Your training materials on my NEBOSH, CIEH and the Accident Investigation courses were perfect and straight to the point"

"I want to thank RRC for the...course material that is on the online library...I find the new course notes really easy to read and straight to the point. I think they will really boost our chances to pass the exams. Thank you!"

Lawrence Sama

NEBOSH International Certificate by distance learning

"Today was my first experience with RRC's short course, I never expected that it will be that efficient and well structured, in spite of the fact that I have studied this topic so deeply in Unit A of the NEBOSH International Diploma. I can confirm that I have well refreshed my knowledge I gained in

the Diploma, many thanks to everyone who contributed in the establishment of this course, well done"

RRC Online and In-Company Courses

RRC's Online Courses

A new exciting range of short online courses from RRC designed to help organisations and individuals develop essential health, safety and environmental skills as and when required, in a way which fits in with you and your life.

These short courses combine the benefits of an interactive classroom situation with the flexibility and accessibility of online study. They are loaded with videos and interactive animations that make learning fun and relevant.

Across the range, the key information is broken down into bite-sized chunks and interspersed with activities designed to reinforce understanding for maximum results. Throughout, the focus is on applying your knowledge to real-life situations so you can be sure to see the results reflected in your daily work.

All courses include a free downloadable workbook containing all the topics covered, which works well as a handy reference guide and provides a refresher if you want to remind yourself of what you've learned. Courses also include a final assessment with an RRC certificate for those who pass.
